

## Economics: The Rising Cost of College Tuition

### Directions

- 1) Analyze documents A – E.
- 2) Answer the questions that follow each document.
- 3) Research the cost of the room, board, and tuition of a university of your choice for the 2010–2011 **AND** the 2014–2015 academic year.
- 4) Answer the questions on the DBQ that pertain to your research.
- 5) Read and respond to the analysis portion of the assignment. It should...
  - a. Be one-page.
  - b. Reference 3 of the 6 documents (A – E).
  - c. Have parenthetical citation of your chosen documents.
  - d. Include aspects of your personal, “cost of college” research.
  - e. Discuss your plans for college next year while considering the economic realities.
- 6) Include a printout of your tuition research. **One for 2010-2011 and one for 2014-2015 academic year.**
